

Thank you for expressing interest in joining Sletten’s family of prequalified subcontractors.

Sletten works all over the western United States out of offices in Montana, Wyoming, Idaho, Arizona, and Nevada. We have general building divisions as well as specialty divisions including Industrial, Bridge, Energy, and Corrections work. We are always looking for new subcontractors to team up with.

If you would like to become prequalified to work with Sletten, please go to slettenestimating.com and complete the subcontractor forms.

Have questions about a specific project? Please answer the following questions, then email this questionnaire to preconstruction@sletteninc.com so we can align your information with the right building groups.

Company Name: _____

Company Address: _____

Company Contact:

Name/Title: _____

Email: _____

Scopes of Work interested in Bidding:

Is there a specific project you are interested in?

Have you worked with us before?	<input type="checkbox"/> Yes	<input type="checkbox"/> No
If yes, what project(s):		

Your information will be added to our internal bidder’s list. Our prequalification process and timing vary depending on what part of the country we are working in, so you may not be asked to help on a new project immediately. When the right project starts, we will reach out to you.

Questions or concerns can be directed to preconstruction@sletteninc.com.

We look forward to working with you!
